Presentation

(illustrated with crappy pictures...
That's a nice new library you have......now we need you to revitalize the museum.
And...remodel its new building...move the museum’s collections...design all new exhibits...and share staff with the library...

Hmm... okay

And...don’t spend a lot of money...it is best not to spend any at all...

While you are at it see about rebranding the museum...give it a positive place in the community's collective heart...oh, and see if you can work out those pesky legal issues with the neighboring American Indian tribe...

Hmm... okay
