PALS SiteMaker: A Multiple-Library Website Installation

Brian Smith
Prairie Area Library System

About PALS
Drupal.org is the official website of [Drupal](http://drupal.org), an open source content management platform.

Equipped with a powerful blend of features, Drupal supports a variety of websites ranging from personal weblogs to large community-driven websites.

Site information

Name: *
Tim Urban Public Library
The name of this web site.

E-mail address: *
timuen@votefortheworst.com
A valid e-mail address to be used as the "From" address by the auto-mailer during registration, new password requests, notifications, etc. To lessen the likelihood of e-mail being marked as spam, this e-mail address should use the same domain as the website.

Slogan:
The library where idols are made!
The slogan of this website. Some themes display a slogan when available.

Robert W. Rowe Public Library District

Friends of the Library Meeting

The Friends of the Robert Rowe Library will have a meeting on Wednesday, April 7th at 7:00pm in the library Community Room. On the agenda will be the election of officers, the Garden Festival, the Fourth of July Book Sale, the outdoor reading area, and the upcoming Summer Reading Program. Please consider joining this supportive organization.

Poetry Contest

April is Poetry Month and we are inviting all aspiring young poets to enter our Poetry Contest. The contest begins on April 1st and the best day to submit an entry will be Tuesday, April 20th at 5:00pm. Poetry will be judged in three categories: 3rd - 5th grades, 6th - 8th grades, and 9th - 12th grades. All submissions must be an original piece of work. Previously published work or poems pending publication will not be accepted.
What have we learned?

Adding Features

http://www.flickr.com/photos/andrewn/197205754/
This special content type was added so that libraries can post items that only logged-in staff can see.

**Drush**

**#D7CX:** I pledge that Drush will have a full Drupal 7 release on the day that Drupal 7 is released.

drush is a command line shell and Unix scripting interface for Drupal, a veritable Swiss Army knife designed to make life easier for those of us who spend some of our working hours hacking away at the command prompt.

A web UI may be found at the [Terminal project](#).

- Civicactions: [Installing and Getting Started](#), [dl and info commands](#)
- Development Seed: [All drush blog posts and screencasts](#). Be sure to watch [More Beer, Less Effort (must see!)](#) and [Features integration](#)

A few core drush features:
